Hi, Scott!

The [Eagle Valley Land Trust](#) has started an e-newsletter to keep you up-to-date about local efforts to Save Land for the People of Eagle County. About once a month, we'll keep you informed on local land projects, new conservation efforts, upcoming events and other exciting news about open space issues in our community. Your local [Land Trust](#) has been connecting people to the land for for over 30 years, and the land we save is protected forever. Thank you for your support and enjoy the newsletter!

Sincerely,

Eagle Valley Land Trust

## Saving Land for People... Forever

At the [Eagle Valley Land Trust](#), we believe in connecting people to the land. Your local Land Trust saves and protects our local land for our people - our families, neighbors, homeowners, businesses, ranchers, sportsmen, tourists and guests. By saving land from overdevelopment, we are providing outdoor experiences, emotional connections and economic benefits to the people of Eagle County... forever.

Later this year, we will announce the addition of more than **350 new acres** of land saved forever for the people of Eagle County! These lands will be protected forever for the benefit of our kids, our families, our citizens and our guests. These new properties will join over 10,000 acres already saved by your local Land Trust and conservationists like you!

For additional information about our work to Save Land Forever, please read more [here](#).

## Maximize Your Donation to Save Local Land!

Colorado Gives Day is December 6th

By donating to the Eagle Valley Land Trust on December 6 during [Colorado Gives Day](#), your investment will be increased with incentive funds provided by FirstBank and Community First Foundation. Mark your calendar for December 6! It is the perfect day to [maximize](#) your on-line donation to [save local land](#) in Eagle County.

A program of Community First Foundation

## Did you know...

According to the Colorado Division of Wildlife, hunting and fishing activities within Eagle County contributed **\$28.7 million** to our local economy in 2010.

By protecting and saving the land and water used by hunters and fishermen, we protect our local economy and save jobs within our community.
